Greenfield Defeats Circleville, 21-0

Host Greenfield McClain exploded for two fourth quarter touchdowns to hand Circleville a 21-0 defeat last night.

The CHS Tigers, unable to take advantage of several scoring opportunities, finally weakened in the last quarter before a persistent McClain attack. Greenfield managed a touchdown in the first quarter, but then was held at bay until the fourth chapter.

Circleville fashioned numerous drives which appeared touchdown bound, but saw three of them vanish on fumbles and one by a penalty.

While the Tigers were crippled

by fumbles, Greenfield was constantly in hot water due to penalties. The hosts drew eight infractions which cost them 100 yards.

THE Tigers, forcing Greenfield to punt following the kickoff, appeared to be off to a good start when Fullback Freddie Moore cut through a nice hole up the middle on the second CHS play from scrimmage to ramble 35 yards to the McClain 30.

The quick little fullback was finally nailed from behind after it appeared he would go all the way. However, the drive was halted on the Greenfield 25, with a bubble in the backfield eating up one of the plays.

Circleville got another break about midway in the second quarter when Greenfield was penalized 15 yards for roughing the passer which gave CHS the ball on the McClain 35. Again the hosts fought off the challenge as two Tiger pass plays failed to click.

Economists See Business Climb By Mid-1961

NEW YORK (AP)—Two groups of economists contended this week that business is in a mild recession but predicted the economy will pull out of it by the middle of next year.

The views were outlined to the government's Business Advisory Council at Hot Springs, Va., and the National Association of Business Economists at New York.

The BAC was told to expect total production to decline about two per cent.

Increased federal spending is expected to reverse the economic decline, regardless of which candidate is successful in the presidential election, the New York meeting was advised.

Gloomy talk about business conditions got some impetus from a couple of developments:

The gross national product—total output of goods and services—declined \$2 billion to an annual rate of \$503 billion for the July September period. The government reported home building dropped in September to the lowest level since the 1958 recession year.

However, the automobile industry, to which economists look as a barometer of general conditions, came up with some good production and sales figures.

Output reached the highest total since last February with an estimated 162,000 passenger cars coming off assembly lines this week. Sales for the first third of October totaled 157,000 cars, up eight per cent from a year ago.

Judging of the "hairy" event began with the mustache class. Jack Fausnagel, Stoutsville, coped first prize for his eight-week-old handlebar mustache. Lester Smith won second prize and Ron Stucker won the third award.

Fistus Dresbach walked away with first prize in the Full Beard Class; Ted Culp, 475 N. Court St., was runner-up. The judges had such a hard time with this class they decided to give three more prizes. Marvin Spangler, Ned Young and Bob Tootle were awarded the added prizes.

The best Van Dyke, goatee, of the show was won by Frank Moss. Second prize in this class went to Ezra Shannon.

"Brothers of the Brush" congregated last night at the W. Main St. platform for the judging of the

annual Beard Growing Contest sponsored by the Junior Chamber of Commerce. Prizes were awarded to the winners by Miss Pumpkin Show Peggy Clark, Williamsport.

A total of 41 contestants proudly displayed the growth on their chins last night as a huge crowd of spectators looked on.

Ted "Castro" Sims, 404 E. Union St., copped first prize for the best Beard of the Show and first in the "free for all class".

Pauling Optimistic About U.S. Future

OXFORD, Ohio (AP)—Dr. Linus Pauling, noted California Institute of Technology chemist, says he is optimistic for the future despite his warnings about atomic warfare.

He told a student group at Miami University Friday night that:

"Twenty years from now there will still be underdeveloped countries and if we can survive these dangerous years, Russia and the United States will be closer together."

Dr. Pauling, a Nobel Prize winner and long a speechmaker against nuclear weapons, said he doubts that communism will prevail in the world, "any more than capitalism was able to win the whole world when it had its opportunity."

Morgan became a leader of a second revolutionary front in the Escambray-Las Villas region and led the "Tigers of Espesura", a guerrilla outfit, in 15 battles.

The 31-year-old Morgan came to Cuba in 1957 in the early days of Castro's revolt and joined him in the Sierra Maestra of Oriente. The American said he was motivated by the killing of a friend by the secret police of former dictator Fulgencio Batista.

The announcement coincided with unconfirmed reports that two more bands of insurgents have landed on the central and eastern coasts. The reports said one group of substantial size went ashore on the south coast of Oriente Province near the eastern tip of Cuba and the other landed on the coast of Las Villas.

Last Pump Show Session Blessed by Fair Weather

Sesqui Parade Is Show Finale

Fair weather, perfect for Pumpkin Show, smiled down on Circleville today.

As the 1960 Sesquicentennial Pumpkin Show moved into its last act, another huge crowd was predicted by officials.

One of the major drawing cards will be the big Sesquicentennial parade, slated for 8 p. m. tonight.

Almost everything that is old, and moves, will be entered.

The weatherman says, "Fair and warmer, today, tonight and Sunday."

In the wake of Ted Lewis's visit here yesterday one might think that today's event would be anticlimactic. But, many groups have been saving up for a whole year for today's events.

No. 1 attraction this afternoon was to be the final concert of the U. S. Army Field Band at the W. Main St. platform at 3:30 p. m. Baton twirling contest eliminations will be held there starting at 1 p. m.

OTHER BIG events are the pumpkin pie eating contest at 5 p. m. and the hog calling competition at 7 p. m. Finals of the baton twirling will be on the W. Main platform at 9 p. m.

About 500 babies were entered in the Baby Parade yesterday afternoon. That's the biggest crop in history. Officials commented that

Comments from Ted Lewis: "Hey! Girl Scouts! Got any cookies for sale?"

"I'm proud to have been born in Pickaway County, among all you wonderful people."

"Here's a lady who knew me when I was a boy. Thank God."

He asked Porter Martin, a patient at Berger Hospital, "How long you in for? Six months? Did you steal a car or something?"

As he spoke on the W. Main platform, as usual, a Norfolk & Western freight train came through. He shouted over the noise, "Same old N & W. I used to come down here on Sunday's to watch the excursions. That was the only thing to do in those days."

He said proudly, "You know they had a lot of publicity when Jackie Robinson became the first colored man to play in the big leagues. We had a fine colored ball player, Jay Henry, on our team 50 years ago."

HIS BATTERED top hat must be natural. After a visit to the cemetery yesterday he got into the car and sat down on his new felt fedora.

Some of the tunes on the merry-go-round include, "Mighty Like a Rose," and "You're Too Fat for Me!"

Harry Dearwester, Lima, who runs two chairs and the high striker, says "The show is almost too big. I've been coming here for more than 30 years. I can remember back in 1928 when there was a heavy snow storm and a flock of geese flew into the ferris wheel. Some were killed."

Love at first sight, that's what was. Little Floyd Reifein, son of Mr. and Mrs. Wilbur Reifein, Columbus, threw a tantrum because his mother wouldn't let him play with the contestants in the Baby Parade yesterday afternoon.

Twila Leist, Pumpkin Show official, had an invitation to ride on the Sky Ride, located on N. Court St. in front of the Bus Depot, after the parade yesterday—did she take it?

This time it wasn't Nixon vs. Kennedy have a political brawl. Two boys, one 8 years old and one 11, were fighting it out yesterday evening when the older boy attempted to take a "flasher badge" away from the little guy. The kid's campaign was broken up by the smaller boy's mother.

Miss Pumpkin Show at the

Beard Growing Contest last night was quite cold. Jim Shea, program director, suggested a kiss for the winner. Although it wasn't carried through, Miss Clark wished she had—the full-beard of Ted Sims would have at least warmed her cheeks.

Incidentally, his full name is, appropriately enough, Ted Lewis Sims.

Talked with pretty Peggy Clark, Miss Pumpkin Show, yesterday. She said she was real excited about her Pumpkin Show reign but complained that her feet hurt.

Wonder just how many baby strollers were tripped over yesterday afternoon.

Several mothers and daughters carried out the Sesquicentennial theme in the Baby Parade with their old-fashioned long gowns.

One sure thing, nobody wanted to trade places with the judges yesterday afternoon at the Baby Parade with 500 little ones entered.

Judges or no judges, I want my bottle appeared to be the expression on many a little ones face during the judging.

Not many people can say they have ridden in the Pumpkin Show parades their lifetime, but cute Penny and Patty Arledge, 8 twin daughters of Mr. and Mrs. William H. Arledge, 364 E. Union St., are making it their eighth year at the 1960 Pumpkin Show. They are sponsored by the New Car Dealers Association float this year.

Jailed Pastor Allowed To Conduct Services

ATLANTA, Ga. (AP)—A Negro minister sentenced to 10 days in jail as a result of a sit-in demonstration will be granted a furlough so he can conduct Sunday services at a church in Newnan.

Municipal Court Judge James Webb said the minister the Rev. A. D. Williams King, was being released from the City Prison Farm today with orders to report back at 9 a.m. Monday.

He listened to the Army Field Band a while, then checked in at Police Headquarters for a short rest. The home town boy then paid a quiet, respectful visit to the graves of his parents in Forest Cemetery. He laid a wreath there with bowed head amid the silence of the autumn afternoon.

Ted next visited the park named in his honor. He examined the place with a discerning eye. He was a little upset with the appearance of the shelter house. Mayor Ben Gordon told him it is supposed to look rustic. "Not that rustic," Ted commented.

He then told the mayor, "I'm sending you a check for \$1,000.

Fix up the park. Don't spend that

money for anything small. Make

a permanent improvement."

Berger Hospital was the next stop. He went through the halls, talked with several patients and looked into the surgical rooms and

Greenfield took over and needed just four plays to cover 75 yards for a touchdown. The payoff came on Halfback Gene Garrison's 63 yard sprint over his own right side.

Following an exchange of punts, Circleville fashioned another drive in the second quarter as Moore cracked for five yards and Chuck McDowell seven for a first down on Greenfield's 46. On the next play Bob Waple lofted a pass which Halfback Garold Dade hauled in on a driving catch on McClain's 11.

McDowell hit for three yards to the eight, but a pass attempt lost three and a stab at the line failed to gain. Faced with a fourth down situation, Guard Rupert Rudd tried a field goal which fell short.

Circleville got another break about midway in the second quarter when Greenfield was penalized 15 yards for roughing the passer which gave CHS the ball on the McClain 35. Again the hosts fought off the challenge as two Tiger pass plays failed to click.

Cubans Jail Ohioan, Once Castro Aide

HAVANA (AP)—Maj. William Morgan, who gave up his American citizenship to follow Fidel Castro, has been arrested on suspicion of helping insurgents in the Escambray Hills, the Cuban army announced Friday night.

Morgan, of Toledo, Ohio, claimed in August 1959 that he posed as an anti-Castro plotter and successfully baited a trap that led to the arrest of several hundred Cubans and the capture of a plane load of invaders from the Dominican Republic.

The Army communiqué said he and Maj. Jesus Carreras are under investigation on charges of direction of foreign interests."

La Prensa Libre, a government-controlled newspaper, said the army had evidence Morgan and Carreras used government trucks to transport counterrevolutionaries and arms to the Escambray and Las Villas areas of central Cuba.

The announcement coincided with unconfirmed reports that two more bands of insurgents have landed on the central and eastern coasts. Some 100,000 persons will have jammed and jostled in the heart of Circleville during the four-day event. There will have been six parades, 32 band concerts, many contests and exhibitions, free acts, and a memorable appearance of Circleville's own Ted Lewis.

Tomorrow comes the monumental task of cleaning up. Sweepers will converge on the Pump'n Show area. Organizations will meet at their booths to dismantle them for another year.

Monday it will be business as usual, but there are many memories of the 1960 Pumpkin Show.

Comments from Ted Lewis:

"Hey! Girl Scouts! Got any cookies for sale?"

"I'm proud to have been born in Pickaway County, among all your wonderful people."

The United States clamped a ban on exports to Fidel Castro's Cuba, with the exception of foodstuffs and medical supplies, in retaliation for his wholesale seizures of American businesses. However, Cuba wasn't expected to suffer much. It can get products, many manufactured in the United States, from Canada and Mexico.

Despite more optimistic predictions from some steel industry executives, the trade publication Iron Age said the steel market isn't likely to make an important recovery this year. Production was estimated at 54.6 per cent of capacity against 55.4 last week.

The stock market declined everyday this week after having made a respectable showing the previous two weeks. Brokers laid the blame on third-quarter statements of big corporations showing lower profits.

Theodore Leopold Friedman Embraces His Native Town

Ted Lewis came back yesterday to the town he loves.

The famous man in the battered top hat played it straight to the home town folks — straight from the heart.

Although he's known throughout the world as a fine entertainer, he says he's just "Theodore Leopold Friedman" in Circleville.

Ted notified Mayor Ben H. Gordon several weeks ago he was coming to the 1960 Pumpkin Show. He surprised everyone by showing up Thursday night for the parade, although he wasn't expected until Friday.

Yesterday, however, he came back for a full afternoon of parades, tours of the city and a homecoming with friends.

Escorted by Police Chief Robert Temple, Ted, Mrs. Lewis, and Mrs. Milton Friedman arrived here about 2 p.m. They had a short lunch at the home of Mayor and Mrs. Gordon, Northridge Road.

THEN HE took part in the Baby Parade, and viewed part of it from the top of the judges' stand at Court and Main. He then checked on the tenants in his building on W. Main St., Merit Shoes and the Beverly Shop.

He next appeared at the W. Main St. platform where he was greeted by some old friends. He received a Ted Lewis doll from Hospital Guild No. 41, presented by Mrs. Robert Turner. And he was given two Sesquicentennial plates by the Guild by Mrs. Ned Griner.

He listened to the Army Field Band while, then checked in at Police Headquarters for a short rest. The home town boy then paid a quiet, respectful visit to the graves of his parents in Forest Cemetery. He laid a wreath there with bowed head amid the silence of the autumn afternoon.

Auto Strikes Loaded Bus On Route 674

Fortunately only two persons were injured in a school bus collision at 11 p. m. yesterday on Route 674 about seven miles east of here.

Injured were Daniel A. Lathay, 24, Lancaster, driver of the car, and Merle Schriner, 23, Lancaster, a passenger in the auto.

Lathay suffered contusions of the left knee and Schriner a severe laceration on the forehead. They were taken to Berger Hospital, then transferred to Lancaster Hospital.

The schoolbus, containing 20 passengers, was operated by Joyce R. Parsons, 26, Corning. Some of the passengers were shaken up, but none appeared to be injured, according to Deputy Sheriff Dwight Radcliff.

THE bus driver said he was headed south and had stopped at a one-lane bridge to allow a truck to pass. He said the Lathay auto struck his vehicle in the rear.

Deputy Radcliff said both vehicles were heavily damaged.

In another accident at 10 p. m. yesterday on County Road 511 northeast of here, a car driven by Ronald Kempton, 21, Kingston, struck a utility pole.

Kempton and a passenger, Gary Rittinger, Route 1, Circleville, were taken to Berger Hospital for cuts and abrasions.

Kempton told Deputy Radcliff he was headed north. He said he was not familiar with the road and failed to negotiate a curve.

Radcliff said the auto was heavily damaged.

Police Probe Five Thefts

Circleville Police investigated five thefts in this area yesterday.

Mrs. Hattie Kitchen, South Bloomingville, said her purse was taken while she was shopping in a local store. She said the pocketbook contained \$17, a change purse and papers.

Max Woge told officers a 35-millimeter camera valued at \$125 was taken from his car parked at 128 E. Mill St.

Mrs. Guy Jacobs, 239 E. Ohio St., reported four hubcaps were taken from her car.

FRANK Susa of the Prairie Lanes bowling establishment said a chrome ash tray was taken at the firm.

Jimmie McFarren, Harrison Ave., said his bicycle was taken at Court and Mound Sts.

Margie Iles, Laurelvile, told patrollers she lost her purse in this area. She said it contained \$130.

Auto Strikes Loaded Bus On Route 674

Fortunately only two persons were injured in a car - school bus collision at 11 p. m. yesterday on Route 674 about seven miles east of here.

Injured were Daniel A. Lathay, 24, Lancaster, driver of the car, and Merle Schriner, 22, Lancaster, a passenger in the auto.

Lathay suffered contusions of the left knee and Schriner a severe laceration on the forehead, were taken to Berger Hospital, then transferred to Lancaster Hospital.

The schoolbus, containing 20 passengers, was operated by Joyce R. Parsons, 36, Corning. Some of the passengers were shaken up, but none appeared to be injured, according to Deputy Sheriff Dwight Radcliff.

The bus driver said he was headed south and had stopped at a one-lane bridge to allow a truck to pass. He said the Lathay auto struck his vehicle in the rear.

Deputy Radcliff said both vehicles were heavily damaged.

In another accident at 10 p. m. yesterday on County Road 511 northeast of here, a car driven by Ronald Kempton, 21, Kingston, struck a utility pole.

Kempton and a passenger, Gary Rittinger, Route 1, Circleville, were taken to Berger Hospital for cuts and abrasions.

Kempton told Deputy Radcliff he was headed north. He said he was not familiar with the road and failed to negotiate a curve.

Radcliff said the auto was heavily damaged.

Police Probe Five Thefts

Circleville Police investigated five theft reports in this area yesterday.

Mrs. Hattie Kitchen, South Bloomingville, said her purse was taken while she was shopping in a local store. She said the pocketbook contained \$17, a change purse and papers.

Max Woge told officers a 35 millimeter camera valued at \$125 was taken from his car parked at 128 E. Mill St.

Mrs. Guy Jacobs, 239 E. Ohio St., reported four hubcaps were taken from her car.

FRANK Susa of the Prairie Lanes bowling establishment said a chrome ash tray was taken at the firm.

Jimmie McFarren, Harrison Ave., said his bicycle was taken at Court and Mound Sts.

Margie Iles, Laurelville, told patrollers she lost her purse in this area. She said it contained \$130.

OLD WEDDING GOWN — This dress, modeled by Susan Warner, 482 E. Franklin St., was chosen the most authentic old dress at the costume contest Thursday. The dress is a wedding gown worn at the marriage of Henrietta Kieffer and G. F. Wittich, October 4, 1842.

100 Years Ago as we know it in the U.S.A.

Editor's Note: This is the first in a series of articles The Herald will publish weekly covering activities in the United States 100 years ago. Many of the stories deal with the stormy pre-Civil War period and later the war itself.

As the national canvass for presidential electors draws near, the political parties involved are making final efforts for presentation of their respective candidates. The Republicans, jubilant over their recent victories in Pennsylvania, Indiana and Ohio state elections, continue their campaign with an air of confidence that has seemingly reduced the speechmaking by that group.

One of its members, however, William H. Seward (himself a presidential hopeful at the Republican party convention last May), has been doing extensive stumping for the party through his own state, New York, which has now been declared the major battlefield in the November 6th poll. Not much word has come from Springfield, Illinois, home of the Republican presidential candidate, Abraham Lincoln.

On the other hand, strong factions have been busily engaged to bring about Mr. Lincoln's defeat.

It is reported that throughout the entire north efforts are afoot by backers of the Constitutional Union party (Bell-Everett), members of the Douglas Democrats, and supporters of Breckinridge to form a common ticket that would have hopes of stemming the Republican tide. This "fusion" element is especially strong in the state of New York where a ticket of presidential electors has been entered that represents 18 Douglas supporters, 10 for Mr. Bell and 7 for Breckinridge. This ticket has been set up after several mass meetings in New York City where the "fusionists" men are especially hard at work.

Mr. Douglas, himself, however, claims no connection with the aforementioned efforts; in fact, he states bluntly that he wants no part of them. It is reported that Mr. Douglas, after reviewing the October state elections, avowed a realization that Lincoln would be elected, and he has taken it upon himself to tour the south to talk on unionism" in the face of suggested "secession sentiments".

The Prince of Wales continues his eventful tour of the United States. He was dined in Richmond on the 7th, toasted in Baltimore on the 8th, partied in Philadelphia on the 9th and then paraded and danced in New York during the past week. His U. S. visit came to a conclusion on the 20th when he departed from Portland for the voyage home to England. The Prince's tour was marked by an unlooked-for enthusiasm reception on the part of the citizenry.

It was expected that this representative of British royalty would be received by the American people with cool interest, but his congenial manner and exuberant enthusiasm toward the people of this country soon warmed the heart of the nation, and the Prince series of jubilant festivities that will long be remembered.

The final paragraphs have been written in the career of the American filibuster, William Walker. The self-made conqueror was shot to death before a Honrour firing squad on September 12th. Walker's adventurous pursuits of

Youth Safety Parleys Booked

COLUMBUS, Ohio (AP)—Ohio's fifth annual series of Youth Conferences on Traffic Safety will be held between Nov. 5 and Dec. 31.

Hundreds of high school students will meet on 11 college and school campuses to discuss what their roles should be in keeping Ohio's roadways safe.

Gov. Michael V. DiSalle has proclaimed the meeting period "Ohio Youth Traffic Safety months to honor students who are sincerely trying, through study and group discussions, to eliminate needless traffic accidents."

The conferences, with the theme "Traffic Safety: The Problem Driver and the Promotion of Local Youth Traffic Safety Councils," will take up traffic safety legislation, school safety programs, community participation, the problem driver and the promotion of local youth traffic safety councils.

Each high school will send to its area conference at least four vot-

ing delegates and as many other students as care to attend, along with adult advisors. Delegates will be chosen to carry recommendations from the regional conferences to a state assembly meeting in Columbus next January.

Regional conference sites and dates and the area from which delegates will attend:

Miami University, Nov. 5, Butler, Montgomery, Preble and Warren counties.

Wittenberg University, Nov. 5, Champaign, Clark, Darke, Greene, Miami and Shelby counties.

Ohio University, Nov. 5 Athens Gallia, Hocking, Jackson, Lawrence, Meigs, Morgan, Perry, Scioto, Vinton and Washington counties.

"I would like to tell you comrades about New York City. This is a very big city. Gorky (the Soviet novelist) called it the City of the Yellow Devil. But more than 50 years have passed since Gorky visited it," he said with a grin.

"Since then New York has become even more repulsive. By itself, it demonstrates the ugliness and degeneration of capitalism. People live there, dooming themselves eternally to a hard, unbearable life as if brickling themselves in a stone bag."

"Rather high buildings are being torn down. And instead of them, they build skyscrapers. The city is climbing upward. On some of the streets, trees are being planted, but they cannot grow, and perish."

"Especially pitiful is the picture of children, for they are deprived of many childhood joys. They are deprived not only of running but walking in the open fresh air that is so necessary for each living being. Streets are filled with huge numbers of automobiles. As is known, automobiles work on gasoline. And the whole atmosphere is poisoned with gasoline. So in this respect, New York is a terrible city."

Khrush Dislikes New York City

Soviet People Told Gotham Is 'Repulsive'

MOSCOW (AP) — Soviet Premier Khrushchev dislikes New York and he told the Soviet people via TV just why. It is repulsive, for one thing, it sums up the degeneration of capitalism, for another, he said.

Khrushchev spoke to a homecoming audience Thursday on what he did abroad. Russians, somewhat bewildered by two hours of Khrushchev discourse on international problems, sat up expectantly as he spoke of New York.

"I would like to tell you comrades about New York City. This is a very big city. Gorky (the Soviet novelist) called it the City of the Yellow Devil. But more than 50 years have passed since Gorky visited it," he said with a grin.

Lodge To Join Nixon in Visit To Cincinnati

CINCINNATI (AP) — In a surprise move, Henry Cabot Lodge plans to join his running mate, Vice President Richard M. Nixon, in an appearance in Cincinnati next Tuesday.

Hamilton County Republican leaders said Tuesday Lodge is to introduce Nixon on a nationally televised address, scheduled as part of a rally for the GOP presidential candidate Tuesday night.

The rally for Nixon is set in Cincinnati Garden where 15,000 regular seats can be augmented for the Nixon appearance.

Nixon, Lodge and his party, including Interior Secretary Fred A. Seaton, is to arrive about 4 p.m. Tuesday aboard a campaign train after stops in Pennsylvania, West Virginia and southern Ohio.

The vice president is to continue his train tour Wednesday with visits at Middletown, Springfield, Columbus, Marion and Lima, and a night speech in Toledo.

Kennedy's Mother Campaigning for Grandmother Vote

MEDINA, Ohio (AP) — Mrs. Joseph P. Kennedy, 70-year-old mother of the Democratic presidential candidate, told an audience here Thursday night how she did her first political campaigning for her son in 1952 in Massachusetts.

"We won against Lodge then, and we want to do it again," she said, referring to the efforts of Sen. John F. Kennedy's women relatives to defeat Henry Cabot Lodge for a U. S. senatorial seat eight years ago.

"Since there are so many more women voters than men, we are making an all-out effort to win the women."

Her particular assignment, as she described it after arriving here in a 30-car motorcade from an afternoon reception and tea in Warren, is to get the "grandmothers vote."

"I'm going to be a grandmother myself for the 18th time," she said, referring to the child the presidential nominee and his wife expect next month.

Soviets Still Like Chinese

Less than a week after one Russian economist attempted to capture world attention with the spurious prediction that by 1974 the average Soviet worker would be producing on a par with the average American, the dean of Russian economists issued a report criticizing his fellow travelers for their favorable but unrealistic and untrue calculations.

S. G. Strumlin, recognized in the Soviet Union as the most eminent red economist (at least before publication of his book), reveals the magic behind which his colleagues manage all sorts of glowing predictions. Every product turned out by Russian industry is included in official economic output data many times because of duplication in counting not only finished parts but each component as well.

By the time parts of one \$35 Russian radio are added again and again to the totals for all segments of industry, the amount included in final summaries approaches \$200. It is on the basis of this artificially inflated output that Russian

economists crow about their coming superiority.

As an example of the distortion, Comrad Strumlin demonstrates in his book that during the period used by official sources (1925-1956) for claiming the greatest industrial growth, the incidence of multiplicity has also grown dramatically. Moscow claims the 1928 product was worth \$5.4 billion, but the correct figure is \$2.5 billion, and the official claim of \$123 billion for 1956 was really no more than \$37 billion.

This year, United States output is expected to exceed \$500 billion, a comfortable lead over either set of Soviet statistics.

The World Today

WASHINGTON (AP)—For one hour tonight the presidential candidates will debate foreign policy on TV with neither likely to produce a new idea on the No. 1 foreign policy problem: How to deal with Soviet Premier Khrushchev.

They'll no doubt argue on who's tough, what each said or didn't say about Che Guevara and Mao Tse-tung, how to cope with Fidel Castro, aid for backward countries, and the need for big defense. They may even talk about a summit meeting with the Russian.

America's basic policy in handling international communism has been big defense, military alliances, and aid for countries which need and accept it to keep them out of communism.

That was the Truman policy from the start of the Korean War. It has been the Eisenhower policy every since. In all their discussions Vice President Richard M. Nixon and Sen. John F. Kennedy

have made no basic addition to it.

What they are really arguing is not some new policy, but which of them can handle the old one better. What they have said so far in essence is: More of the same but bigger.

They have been discussing details of the basic policy although in the end the way those details are handled—for instance, the size and excellence of our defense—may mean the difference between survival and submission.

Therefore, what the voters have to decide is which of these two men, Nixon or Kennedy, can be trusted to carry out the already established policy better by new or better programs to enforce it to enlarge it.

So tonight the candidates on TV will be doing a selling job, each offering the same product in different wrappings.

Points Made In Court Bring Trouble

PEORIA, Ill. (AP)—How can you make your point time after time in a courtroom and still be in trouble?

Mack Allen and his three companions did it—with dice.

After watching Allen roll an endless string of sevens—the winning number, or point—in a demonstration crap game, a Peoria County Circuit Court jury Thursday found the four men innocent of robbery.

But States Atty. Eugene Pratt, who watched the demonstration, obtained warrants charging each man with gambling, and swindling by sleight of hand.

Allen and his companions were charged with robbing Ralph McKinzie, an Indianapolis truck driver of \$70 and his watch. Allen said they won the money and watch in a crap game.

To prove this, Allen demonstrated his skills Wednesday. Rolling point after point, Allen said he could throw sevens all day long.

And to disturb the laws of probability further, Allen concluded by unerringly calling combinations of numbers and then throwing them. He would not explain how he did it. The dice, supplied by his attorney, were not inspected after the demonstration.

Allen, 32, was jailed on the gambling charge with his three companions: Donald W. Harrell, 24, Herschell Clark, 27, and Elmer K. Allison, 22.

Pratt returned the watch and \$70 to McKinzie.

Damages Suit Filed Here

A \$10,000 damages suit was filed in the Clerk of Courts Office yesterday.

Ralph France, Columbus, is seeking \$10,000 in damages from Lillian Seymour, Ashville, as the result of permanent injuries to his wife, Mary France, received in an auto accident, August 10, 1958, at Routes 674 and 752.

France states that due to the permanent injuries to his wife she is unable to perform wifely and domestic duties; that she has suffered great pain and inconvenience as a result of the accident and as her husband, he has incurred further expense in the future to alleviate pain and suffering of his wife.

The November meeting will be held at the home of Mrs. Alfred Johnson. Mrs. Fred Tipton will be program chairman and will be a Historical Program. Mrs. Charles Rose is Refreshment chairman.

Mary France, wife of the plaintiff, was recently granted \$15,000 of a \$75,000 damages suit against the defendant for her alleged injuries in the accident of August 10, 1958.

Mr. Kenneth Craig, Principal of the Williamsport School, Mr. Glenn Chester, Mr. Howard Pond, Mr. Charles Bricker and Mr. James Shaw all teachers in the business meeting at Ashville Tuesday evening.

TO PROVE how inaccurately people listen, or read, Pollster George Gallup tells of a Congressman who chided the Department of Agriculture for the trashy, useless pamphlets it publishes at the people's expense. "Seems like you fellows print every last thing about nature," he complained, "but the love life of a frog!"

Promptly, six letters arrived in the next two days asking for copies of "The Love Life of a Frog." Others followed in such profusion, the Department felt obliged to state in a circular, "We do NOT print 'The Love Life of a Frog!'" The result of this procedure was such a flood of new requests that the Secretary of Agriculture got into the act personally.

"Confound it!" he thundered on a nation-wide radio program, "This Department never has printed 'The Love Life of a Frog,' never will print 'The Love Life of a Frog,' and we never even want to hear about 'The Love Life of a Frog again!'"

The next day there were over four hundred requests in the Department's mail.

Gold-Buying Spree Labeled As European Gamblers' Game

NEW YORK (AP)—Gold buying is a gambler's game. The feverish rise in gold prices involves only a tiny amount of the world's store of gold being traded on open markets.

The price rise effect on the vast number of Americans is nil—so far. It could affect them only if the U.S. Treasury were to devalue the dollar in terms of gold—that is, pay more than the present \$35 an ounce for the metal.

The U.S. Treasury says it won't. Foreign bankers seem agreed the Treasury doesn't have to now. Only a runaway flight from the dollar based on loss of confidence in it could force the Treasury's hand—and before that it could sell enough of its gold hoard on the world market to deflat the present boom.

Only such devaluation of the dollar could affect prices, wages—and the value of land and income from investments already made.

So the gambler's game today is primarily a spectacle of get rich quick operators preying on some Europeans' distrust of the U.S. dollar and economy. It does hold the threat of undermining the dollar—but only a distant and most unlikely threat.

420 One-Armed Bandits Are Captured By G-Men

NEWPORT, Ky. (AP)—After gathering dust in warehouses for eight years, 420 slot machines were en route from here to England Thursday to begin a new life.

Then the FBI stepped in and seized them.

But a jury in Campbell Circuit Court, Newport, found their \$40 machines not guilty.

Those were stored at Newport's old Little Club. Charles Lester, Newport attorney who had represented their owners, said the slot machines would be shipped to Las Vegas, where they could become useful once more.

The FBI put the devices, valued at a quarter-million dollars, right back in a warehouse, this time at the Brooklyn Army Port Terminal.

FBI Director J. Edgar Hoover said the one-armed bandits had fallen into the hands of "an international gambling operation with connections in London." He said his men had grabbed them in a continuing effort to stop interstate and international trafficking in gambling devices.

The devices were among 3,637 that FBI agents rounded up in Kentucky during a statewide, lightning-swift series of raids in January 1952.

Largest single haul in the entire state was found on Newport's business street. The FBI found 829 slot machines in one building.

New Sit-in Efforts by Negroes Seen

ATLANTA, Ga. (AP)—A Negro student leader predicts an intensification of the two-day sit-in campaign which has resulted in the arrest of 78 persons in Atlanta and the temporary closing of numerous downtown food counters.

Edward B. King, administrative secretary of the Student Nonviolent Coordinating Committee, Thursday night said the students plan to step up their drive for the right to eat in traditionally segregated lunch counters and restaurants.

He also predicted the movement "will spread to other cities in the hard core South soon." In addition, he said, students plan to extend operations in upper southern and border states with "such things as drive-ins and restaurants, and kneel-ins at churches."

The present drive to desegregate lunch counters was sparked by the fact that Atlanta is considered moderate on racial relations. Dr. Martin Luther King Jr. said in an interview.

Dr. King is in jail awaiting trial on charges of violating Georgia's anti-trespass law.

The Negro Baptist minister also said he and some other sit-in demonstrators plan to stay in jail for the time being.

King was among 51 Negroes and 1 white man arrested during the first day of demonstrations Wednesday.

Soviets Still Like Chinese

Less than a week after one Russian economist attempted to capture world attention with the spurious prediction that by 1974 the average Soviet worker would be producing on a par with the average American, the dean of Russian economists issued a report criticizing his fellow travelers for their favorable but unrealistic and untrue calculations.

S. G. Strumlin, recognized in the Soviet Union as the most eminent red economist (at least before publication of his book), reveals the magic behind which his colleagues manage all sorts of glowing predictions. Every product turned out by Russian industry is included in official economic output data many times because of duplication in counting not only finished parts but each component as well.

This year, United States output is expected to exceed \$500 billion, a comfortable lead over either set of Soviet statistics.

Communications Union Gives Edge to Kennedy

WASHINGTON (AP) — The Communications Workers Union said today a scientifically well poll it took among its members shows the Democratic ticket leading in the election race.

Eliminating the undecided vote, the poll indicated Sen. John F. Kennedy would get 51.5 per cent of the popular vote in the nation and Vice President Richard M. Nixon 48.5 per cent as of Mid-October, the union said.

The union itself has endorsed Kennedy in the current race.

Miss Mitchell, Barton Snyder
Exchange Marriage Vows

MRS. BARTON ELLIOTT SNYDER

Before an altar decorated with autumn leaves and hemlock Miss Donna Morse Mitchell and Mr. Barton Elliott Snyder exchanged marriage vows at 7:30 Saturday October 15 in the Presbyterian Church. The bride's father, the Rev. Donald E. Mitchell, performed the double ring ceremony.

The wedding music was played by Mrs. Theodore L. Huston at the organ and Mrs. Joseph Adkins at the piano. For her processional, Miss Mitchell chose "Wachet Auf" prelude and chorale by J. S. Bach; and for the recessional, "Allegro Decisive" from the Water Music suite by Handel. Other numbers played were "Prelude, Fugue and Variation" by Cesar Franck; "Brother James' Air" and "Where E'er You Walk" by Handel; "Sheep May Safely Graze"; "Arioso" and "Air for the 'G' String" by Bach.

The bride approached the altar on the arm of Mr. Tom A. Renick, president of the Church's Board of Trustees. She wore a floor length gown of Chantilly lace made with scalloped neckline and a three tier bouffant skirt. She wore a lace mantilla. She carried a bouquet of white chrysanthemums and tube roses, accented with chrysanthemums in autumn shades and centered with a white camillia.

Miss Carol Mitchell attended her sister as maid of honor, in a floor length gown of gold taffeta with scalloped neckline and a bouffant skirt, accented at the back with a large double bow.

The bride, a voice major, studied with Eve Roine Richmond at the conservatory of music, College of Wooster, Wooster, this summer with Genevieve Rowe and Robert Hill in New York N. Y. where she was a soloist at Radio City Music Hall.

Mr. Snyder holds a degree in Forestry from the College of Natural Resources University of Michigan at Ann Arbor. He is the son of Mr. and Mrs. Troy Snyder, Steubenville, and the grandson of Mrs. Frank Barnhill, Sr., Circleville.

Army Asks 8,000 Men in December Draft

WASHINGTON (AP) — The Defense Department today called for a draft of 8,000 men for the Army in December.

This compares with a recent high of 9,999 called for October and a low of 5,500 in June.

Inductees will report between Dec. 1 and 9 which the department said, will mean that each man will have a Christmas holiday furlough.

The new call brings to 2,571,930 the total of draftees since September, 1950.

Pat Harder!

DEAR ABBY: I rent a room to a woman whose husband is doing time. She works nights in a cafe and I will say this for her—she is decent and is loyal to her man. There is one thing wrong with her, Abby. She talks about her husband like he was away at Harvard. She is forever bragging about how he is there only because he took the blame for somebody else and his term was five years but he is getting out sooner for good behavior. I know she deserves a pat on the back, but she is getting on our nerves with all her bragging. How can we quiet her down in a polite way?

NERVES ON EDGE

DEAR NERVES: If she wants to "pat herself on the back" let her. And add your praise. If there were more women like your roomed, there would be fewer repeaters. A convict needs to know he has someone who loves him to come home to.

DEAR ABBY: My problem is a vulgar husband. All summer he mowed the lawn in his swimming trunks. His excuse was he wanted to get a tan. I said it bordered on indecency. He said he was on his own property and was breaking no laws. I asked, "What would the neighbors think if I went out in the front yard attired like that?"

He replied, "They'd probably think I married you for your money. How do you top a comedian like that?"

GRACE

DEAR GRACE: Why try?

DEAR ABBY: I wish to supplement your answer to "Hurt Hostess" concerning her refusal to accept a gift-wrapped can of coffee. Its time people realized that SOME folks do not always want to be on the receiving end. I know a few people who want to do all the giving and buying and never anything. As a result I avoid them because they embarrass and obligate me. I can pay my own way and want to reciprocate but am deprived of this pleasure. Chronic givers must have some sort of inferiority complex that compels them to "buy" their way. Please pass the word on to others who insist on giving and refuse to accept.

JOHN J.

DEAR ABBY: Is it proper, when eating in a restaurant, to ask for a paper bag to take home the meat one has not finished eating? This is NOT for the dog, you understand.

DEAR CONSERVATIVE: It's proper, intelligent, and acceptable.

BLUEBERRY SAUCE
Ingredients: 1 to 1 1/4 cups blueberries, 1/2 cup water, 1-3 cup sugar, 1 teaspoon cornstarch, 1/8 teaspoon salt, 1 teaspoon butter or margarine, 2 tablespoons lemon juice.

Method: In a small saucepan bring 1/2 cup blueberries and water to a boil; simmer 3 minutes. Stir together sugar, cornstarch and salt; stir into hot berries. Cook and stir constantly until thickened and clear; boil 1 minute. Add remaining blueberries and simmer a few minutes. Stir in butter and lemon juice. Serve warm or cold but do not refrigerate. Makes 1 1/2 to 2 1/2 cups sauce.

FOLLOWING a wedding trip in the Blue Ridge mountains, Mr. and Mrs. Snyder will be at home at Fort Bragg, N. C., where Mr. Snyder is in the forestry service department of the army. In February they will make their home at McKenzie Bridge, Ore., in the Willamette National Forest.

The bride, a voice major, studied with Eve Roine Richmond at the conservatory of music, College of Wooster, Wooster, this summer with Genevieve Rowe and Robert Hill in New York N. Y. where she was a soloist at Radio City Music Hall.

Miss Mitchell, Barton Snyder
Exchange Marriage Vows

MRS. BARTON ELLIOTT SNYDER

Before an altar decorated with autumn leaves and hemlock Miss Donna Morse Mitchell and Mr. Barton Elliott Snyder exchanged marriage vows at 7:30 Saturday October 15 in the Presbyterian Church. The bride's father, the Rev. Donald E. Mitchell, performed the double ring ceremony.

The wedding music was played by Mrs. Theodore L. Huston at the organ and Mrs. Joseph Adkins at the piano. For her processional, Miss Mitchell chose "Wachet Auf" prelude and chorale by J. S. Bach; and for the recessional, "Allegro Decisive" from the Water Music suite by Handel. Other numbers played were "Prelude, Fugue and Variation" by Cesare Franchetti; "Brother James' Air" and "Where E'er You Walk" by Handel; "Sheep May Safely Graze," "Arioso" and "Air for the G' String" by Bach.

The bride approached the altar on the arm of Mr. Tom A. Renick, president of the Church's Board of Trustees. She wore a floor length gown of Chantilly lace made with scalloped neckline and a three tier bouffant skirt. She wore a lace mantilla. She carried a bouquet of white chrysanthemums and tube roses, accented with chrysanthemums in autumn shades and centered with a white camilla.

Miss Carol Mitchell attended her sister as maid of honor, in a floor length gown of gold taffeta with portrait neck line and bouffant skirt, accented at the back with a large double bow.

Army Asks 8,000 Men
In December Draft

WASHINGTON (AP) — The Defense Department today called for a draft of 8,000 men for the Army in December.

This compares with a recent high of 9,999 called for October and a low of 5,500 in June.

Inductees will report between Dec. 1 and 9 which, the department said, will mean that each man will have a Christmas day furlough.

The new call brings to 2,571,930 the total of draftees since September, 1950.

Artificial flowers lose their dusty look when you shake them in a paper bag with a cup of corn meal.

Pat Harder!

DEAR ABBY: I rent a room to a woman whose husband is doing time. She works nights in a cafe and I will say this for her—she is decent and is loyal to her man. There is one thing wrong with her, Abby. She talks about her husband like he was away at Harvard. She is forever bragging about how "he is there only because he took the blame for somebody else and his term was five years but he is getting out sooner for good behavior. I know she deserves a pat on the back, but she is getting on our nerves with all her bragging. How can we quiet her down in a polite way?

NERVES ON EDGE

DEAR NERVES: If she wants to "pat herself on the back—let her. And add your praise. If there were more women like your roomed, there would be fewer repeaters". A convict needs to know he has someone who loves him to come home to.

DEAR ABBY: My problem is a vulgar husband. All summer he mowed the lawn in his swimming trunks. His excuse was he wanted to get a tan. I said it bordered on indecency. He said he was on his own property and was breaking no laws. I asked, "What would the neighbors think if I went out in the front yard attired like that?

DEAR ABBY: Is it proper, when eating in a restaurant, to ask for a paper bag to take home the meat one has not finished eating? This is NOT for the dog, you understand.

CONSERVATIVE

DEAR CONSERVATIVE: Its proper, intelligent, and acceptable.

Broncs Get 14-6 Greenview Win

The Ashville Broncs left the Fairgrounds field last night in a blaze of gridiron glory as they trounced Greenview in a 14-6 contest.

The Broncs, celebrating Homecoming, had a 14-0 lead until the last minute of play as Greenview's Bruce Pickering scored with a 40-yard pass interception.

The Broncs' fullback Dan Hollenbach scored in the second quarter of the game giving the Broncs a 6-0 lead at the half. The clock, at half time, saved the Greenview squad from an even bigger defeat; the ball was only two inches away from the goal when the half was called.

An 18-yard pass from Dick Nog-

gle to Bill Pritchard boosted the score in the third quarter to 12-0, with an additional two extra points gained by a completed pass from Gregg to Noggle, giving the Broncs a 14-0 lead at the end of the third quarter.

JIM BROWN, 170 lb. guard, starred on the defensive squad with a total of 17 tackles. Jim McCord, Dave Newton, Ralph Swank, Luther Schwalbaugh and Ed Chaffin combined efforts for a display of magnificent defensive power.

Quarterback Jim Gregg snagged three passes out of the air, giving him a total of 11 interceptions for the season.

The Bronc team demonstrated their offensive power with a total of 11 first downs, compared to Greenview's three. The winners completed four of six passes against Greenview's two of nine.

Here's How Top 10 Ohio Teams Fared

COLUMBUS, Ohio (AP) — Here's how eight of the top 10 teams in The Associated Press high school football poll fared in Friday night's games (two did not play):

Massillon, N. 1, defeated Mansfield 16-6.

Alliance, N. 2, downed Springfield South, No. 5, by 24-14.

Lima Senior, No. 3, got by Mid-dleton 34-14.

Sandusky, No. 4, coasted over Lorain 44-0.

Cincinnati Roger Bacon, No. 6, shut out Cincinnati Central 39-0.

Marion Harding, No. 7, flattened Findlay 40-0.

Canton McKinley, No. 10, was shut out by Steubenville 30-16.

Dayton Chaminade, No. 8, goes against Dayton Belmont, and Niles McKinley, No. 9, takes on Akron South in tonight's games.

The Tokyo team scored its run in the seventh inning.

Centerfielder Akira Kunimatsu smashed a high fly which Willie Mays dropped to give the Japanese a triple. He then scored on a squeeze bunt.

ONCE TEAMMATES — Once teammates at Zanesville, Ohio, Chuck Bryant (left) of Ohio State and Forest Farmer of Purdue found themselves on opposing teams when Purdue recently knocked off the Buckeyes at West Lafayette, Ind.

2 Rarities Make Celtics A Hot Club

BOSTON (AP) — A bash rookie and a 100-to-1 shot, surgical recovery make the Boston Celtics more awesome than ever opening defense of their National Basketball Association title Saturday night.

The opponent for the Boston Garden test is Detroit.

The rookie who crashed Boston's talent-laden lineup is Tom (Satch) Sanders from New York University.

Jim Loscutoff is the man considered a minor medical miracle. Loscutoff, a 6-foot-5 policeman from Oregon, missed virtually all last season due to a painful disc condition in his back. He underwent an operation. Very few athletes ever return to the grind after such an operation. Loscutoff not only has succeeded but says he feels better than he has in three years.

All this means that the Celts are much stronger at the forward positions than a year ago when they swept to the NBA title with a record 39 regular season triumphs. Tommy Heinsohn, Frank Ramsey and sophomore Gene Guarilia round out the corner staff.

Elsewhere the Celts are the same team which has won three NBA crowns in the past four years. Veteran backcourt wizards Xob Cousy and Bill Sharman are spelled by the fabulous Jones boys, K. C. and Sam. At center, 6-foot-10 Bill Russell is relieved of Findlay 40-0.

Canton McKinley, No. 10, was shut out by Steubenville 30-16.

Dayton Chaminade, No. 8, goes against Dayton Belmont, and Niles McKinley, No. 9, takes on Akron South in tonight's games.

The Tokyo team scored its run in the seventh inning.

Centerfielder Akira Kunimatsu smashed a high fly which Willie Mays dropped to give the Japanese a triple. He then scored on a squeeze bunt.

Jim Houston, first year man from Ohio State, is likely to see more action in this game. He has the speed to get in on the passer and Cleveland wants to hurry the Eagles' Norm Van Brocklin.

The Philadelphians report they are in good shape. Even Tommy McDonald, who has been slowed down by a knee injury, is getting close to top speed again. He is the long-shot target for Van Brocklin.

CORN ELEVATOR MISHAP LINKED TO MAN'S DEATH

LANCASTER, Ohio (AP) — A 65-year-old farm hand died Friday night after he became entangled in the power shaft of a corn elevator.

The country coroner, Dr. L. L. Kersell, withheld a ruling in the death of Franklin Fickle of nearby Baltimore, R. I., pending an autopsy today. Deputy Sheriff Rick Brown said there was the possibility that Fickle may have suffered a fatal heart attack and fallen into the machine.

Browns Favored By 10 Points Over Eagles

Defeat Could Drop Cleveland to Third Behind Rival Giants

By THE ASSOCIATED PRESS
The Cleveland Browns, bidding for their once familiar role as kingpins of the National Football League, are 10-point favorites to beat the Philadelphia Eagles Sunday and strengthen their hold on first place in the NFL's Eastern Division.

The Browns' chief rivals for the spot, the New York Giants, are idle in a six-game program which is not expected to do much shaking up of the standings.

The Baltimore Colts and Chicago Bears, tied for the Western Division lead with 3-1 records, are heavily favored to win their fourth game of the campaign.

The Colts, behind quarterback Johnny Unitas, are a 14-point choice over the Detroit Lions, who have shown a conspicuous absence of scoring punch. The Bears are figured to be a touchdown better than the Los Angeles Rams.

The Green Bay Packers are favored by nine points over the San Francisco 49ers at Milwaukee; the St. Louis Cardinals are 10 over the Dallas Cowboys; and the Pittsburgh Steelers are 3½ over the Redskins at Washington.

The Houston Oilers will try to cement their hold on the American Football League's Eastern Division lead Sunday in their game with the hard-pressing Titans in New York.

The contest highlights the three-game AFL schedule which also sends Boston to Denver to play the Western Division leader and has Oakland invading Buffalo. Dallas and Los Angeles are idle.

The game in New York promises to produce an interesting battle between two of the new circuit's most effective throwers, Al Dorow of the Titans and George Blanda of the Oilers.

Blanda got the better of Dorow in a pre-season skirmish, won by Houston 30-14, and in a 27-21 regular season meeting.

In league play, Dorow has completed 44 of 93 passes, eight for touchdowns, for the fourth best percentage in the circuit. Blanda in playing one less game than his Titan rival, has hit on 42 of 90 passes, five for touchdowns. Dorow, however, is also among the top runners in the league.

The Titans are rated as slight favorites. Houston has a 4-1 record and New York is 4-2.

Denver, pacing the Western Division with three victories and two defeats, is a touchdown favorite over Boston, which is 2-3 next-to-last in the Eastern Division race.

Buffalo is favored over Oakland, which has failed to muster a consistent offensive.

The Browns, undefeated in three starts, could drop all the way to third place by losing to the Eagles. Philadelphia has won three in a row after losing 41-24 to the Browns in the National Football League season opener. The New York Giants, Eastern Division champs the past two seasons, have won three and tied one and will be idle Sunday.

If the Browns lose they will be 3-1, below New York's 3-0 and Philadelphia's 4-1.

Ray Renfro did some running for the first time this week at the final long workout. However, the swift flanking back remains on the doubtful list and Leon Clarke probably will get the call at the passing catch.

Jim Houston, first year man from Ohio State, is likely to see more action in this game. He has the speed to get in on the passer and Cleveland wants to hurry the Eagles' Norm Van Brocklin.

The Philadelphians report they are in good shape. Even Tommy McDonald, who has been slowed down by a knee injury, is getting close to top speed again. He is the long-shot target for Van Brocklin.

BENHASE tabbed Greenfield as a rugged team which capitalized on the smooth ball-handling of Maynard and the hard running of Garrison, George and Dick Harvey.

The CHS coach said the Tigers came out of the scrap without any serious injuries. Players from both teams were shaken up due to vicious

CORN ELEVATOR MISHAP LINKED TO MAN'S DEATH

LANCASTER, Ohio (AP) — A 65-year-old farm hand died Friday night after he became entangled in the power shaft of a corn elevator.

The country coroner, Dr. L. L. Kersell, withheld a ruling in the death of Franklin Fickle of nearby Baltimore, R. I., pending an autopsy today. Deputy Sheriff Rick Brown said there was the possibility that Fickle may have suffered a fatal heart attack and fallen into the machine.

Briton Sets Sports Car Race Record

FT. ORD, Calif. (AP) — Briton Sterling Moss, hitting top speeds of over 120 miles an hour, broke Laguna Seca's race course record Friday, shortly after a San Jose sports car driver was seriously injured in a practice run.

Moss did not appear to be pushing his 2.5-litre Lotus MK XIX as he averaged 90.5 miles an hour in a qualifying run over the twisting 1.9-mile asphalt course.

His time of 1 minute 17.3 seconds was 2.4 seconds better than the record set last year by Charles Howard of China Camp, Calif., in a Huffaker Special.

Unless some other driver beats Moss Sunday morning, he'll have the pole position for the after-Grand Prix.

Jack Graham San Jose plumbing contractor, was on a practice lap when his Ferrari Testa Rossa went out of control. It flipped and came to rest on top of the 41-year-old driver. He suffered head injuries.

There are 61 professional drivers here competing for a share of the prize money. Racing Saturday was given over to the amateurs.

Casper Takes Aim At 4th Tourney

OCEANSIDE, Calif. (AP) — Billy Casper of Chula Vista, Calif., the hottest golfer on the fall circuit, tries for his fourth straight win in the \$16,000 El Camino PGA pro-amateur tourney opening today.

Casper last weekend added the Orange County Open title to his string which includes the Portola Open and the Hesperia Open.

The 36-hole El Camino has attracted Tommy Bolt, Marty Furgol, Doug Sanders, Jack Fleck, George Bayer and Paul Harney among others.

Griffith, Towel Set For Welter Battle

NEW YORK (AP) — Emile Griffith of the Virgin Islands and Willie Towel of South Africa meet in a round bout in Madison Square Garden tonight with the winner advancing another notch up the welterweight ladder.

Towel, who has fought only twice this year, thinks he deserves a shot at the welterweight title, currently held by Benny (Kid) Paret.

The bout will be nationally televised by ABC-TV starting at 9 p.m. Eastern Standard Time.

HAWK HEADLINER — An orphan who led the Boy Scouts team to its first undefeated season in 1957, Wilbur Hollis, now leads the Iowa Hawkeyes to what may be the national championship. Hollis, a junior, here bones up on Spanish lessons by listening and repeating taped exercises at Iowa City.

3 SCO Teams Still on Top

Greenfield and Franklin Heights earned wins in South Central Ohio League football games last night.

Greenfield handed Circleville a 21-0 defeat and Franklin Heights edged Wilmington, 14-8. No score was available on Hillsboro's game at Lancaster St. Marys.

Washington C. H. is scheduled to play Pleasant View on Frankin Height's gridiron tonight.

Greenfield and Franklin Heights currently lead the SCO, each with three wins and no losses. Washington C. H. has won two and lost none, but could make it a three-way tie tonight with a victory over Pleasant View.

One of the top contenders will fall Friday as Greenfield takes a trip to Franklin Heights. Circleville goes to Wilmington and Hillsboro entertains Pleasant View.

American thoroughbred breeding farms cover a total area three times the size of Rhode Island. Their stock is valued at 65 million dollars.

Ohio's Weather Vane Fame Brings Political Courtship

COLUMBUS, Ohio (AP)—Ohio's record as a presidential weather vane as well as her potent 25 electoral votes, accounts for the concentration of political firepower by major candidates in the Buckeye State.

Ohio has been on the winning side since the turn of the century, except for 1944 when her favorite son, John W. Bricker, was the Republican vice presidential candidate on the losing ticket with Thomas E. Dewey of New York.

Both Democrats and Republicans are claiming the state, al-

though the Demos currently seem more vocal about their chances.

Elated by big receptions for their nominee, Sen. John F. Kennedy, Democrats freely predict his election but keep a weather eye on Vice President Richard M. Nixon, his GOP opponent.

Democrat optimism has spurred Republicans, who generally regard the outcome as a toss-up, to redouble campaign efforts and cause opposition prophets some misgivings. Democrat uneasiness appears in warnings that a letdown at this stage of the campaign

Ohio Collegians Get U.S. Aid

\$2.6 Million Loaned From Federal Fund

WASHINGTON (AP)—Some of the students at 54 Ohio colleges are going to college this school year on money borrowed from the federal government.

This student loan program was set up just 18 months ago.

Just how many Ohio students are participating in the program is not known. But \$2,628,253 has been made available under this program in Ohio alone.

The program, it may be recalled caused a stir in the recent Congress over one of its features: A requirement that a prospective borrower swear that he is loyal and anti-communist.

Leades of some of this country's most respected universities found this offensive and said so. Some refused to join the program until the loyalty oath is dropped.

Three Ohio schools—Antioch, Wilmington and Oberlin colleges—are among those which have declined to participate.

As early as the last week in September, DiSalle observed after big northern Ohio turnouts for Kennedy that the election was "all over in his favor. After Nixon drew comparable crowds, state GOP Chairman Ray C. Bliss remarked that DiSalle must have switched to Nixon.

Recently DiSalle asserted that Kennedy was doing as well with his Ohio campaign as Dwight D. Eisenhower in 1956 when the president carried the state by more than 800,000 votes.

Later the governor figured Kennedy might do as well as the late Franklin D. Roosevelt who piled up a 619,000-vote margin in 1936. Still later DiSalle said Kennedy probably would better the governors own margin of some 450,000 votes two years ago. Pressed by newsmen, the governor finally fell back to what he called his "official" prediction of a 150,000-vote edge for Kennedy.

He also disclosed a complicated formula by which he came up with 40,000-vote margin for Kennedy. He did that by giving Kennedy the same 1958 margins favoring DiSalle in 14 counties and Nixon the same margins by which Eisenhower carried the other 74 counties in 1956. But he didn't specify the counties.

Commenting on what DiSalle Republican Secretary of State Ted W. Brown observed: "If he says Kennedy will carry Ohio by only 150,000 votes, Nixon is in."

Probably the only sure-enough buffalo barbecue of the current Ohio campaign will be held by Republicans at the Fulton County Fairgrounds in Wauseon next Thursday.

Congressman Delbert L. Latta, Bowling Green Republican seeking re-election in the Fifth District, arranged with the U.S. government for a supply of buffalo steaks from herds that are kept under federal control by sale of excess numbers.

Truman Says Nixon Learns Wrong Things

DECATUR, Ala. (AP)—Former President Harry S. Truman said today Vice President Richard M. Nixon's experience "has been learning the wrong things—he has been learning how to do things the wrong way."

Campaigning in behalf of the Democratic ticket, Truman said in an address prepared for a party rally here that there were many things he could say about the Republican presidential candidate's experience and conduct but "some of them might not be printable."

"However, I will say only this, and I don't think anyone will dispute it," he continued. "Nixon's experience has been Republican experience. If he were elected, he would be a Republican president."

Truman said that "in all sincerity" he considered the Senate service of Sen. John F. Kennedy, the Democratic presidential nominee, to be "just as good training for the presidency" as experience in the office of vice president.

"Jack Kennedy has had some experience, too," he said. "His experience has been Democratic experience. That is the kind of experience which best qualifies a man for the presidency. I tell you I think Kennedy is going straight down the line in the great tradition of Woodrow Wilson and Franklin D. Roosevelt—and if he does that, he will be a great president."

Railroad Freight Rate Hike Gets OK

WASHINGTON (AP)—The Interstate Commerce Commission today authorized the nation's railroads to hike their basic freight rates effective next Monday, Oct. 24.

However, the commission temporarily suspended proposals for various increases in special rail service charges pending further investigation.

The railroads gave public notice of the proposed increases in late September, on a basis designed to yield \$147 million additional revenue annually.

In approving the major part of these proposals, the commission made no immediate estimate of what yield will be involved to help the industry meet increased operating costs estimated to amount to \$600 million since the last general rate increase in 1958.

Ohio Collegians Get U.S. Aid

\$2.6 Million Loaned From Federal Fund

WASHINGTON (AP)—Some of the students at 54 Ohio colleges are going to college this school year on money borrowed from the federal government.

This student loan program was set up just 18 months ago.

Just how many Ohio students are participating in the program is not known. But \$2,628,253 has been made available under this program in Ohio alone.

The program, it may be recalled caused a stir in the recent Congress over one of its features: A requirement that a prospective borrower swear that he is loyal and anti-communist.

Leads of some of this country's most respected universities found this offensive and said so. Some refused to join the program until the loyalty oath is dropped.

Three Ohio schools—Antioch, Wilmington and Oberlin colleges—are among those which have declined to participate.

As early as the last week in September, DiSalle observed after big northern Ohio turnouts for Kennedy that the election was "all over in his favor. After Nixon drew comparable crowds, state GOP Chairman Ray C. Bliss remarked that DiSalle must have switched to Nixon.

Recently DiSalle asserted that Kennedy was doing as well with his Ohio campaign as Dwight D. Eisenhower in 1956 when the president carried the state by more than 800,000 votes.

Later the governor figured Kennedy might do as well as the late Franklin D. Roosevelt who piled up a 619,000-vote margin in 1936. Still later DiSalle said Kennedy probably would better the governors own margin of some 450,000 votes two years ago. Pressed by newsmen, the governor finally fell back to what he called his "official" prediction of a 150,000-vote edge for Kennedy.

He also disclosed a complicated formula by which he came up with 40,000-vote margin for Kennedy. He did that by giving Kennedy the same 1958 margins favoring DiSalle in 14 counties and Nixon the same margins by which Eisenhower carried the other 74 counties in 1956. But he didn't specify the counties.

Commenting on what DiSalle Republican Secretary of State Ted W. Brown observed: "If he says Kennedy will carry Ohio by only 150,000 votes, Nixon is in."

Probably the only sure-enough buffalo barbecue of the current Ohio campaign will be held by Republicans at the Fulton County Fairgrounds in Wauseon next Thursday.

Congressman Delbert L. Latta, Bowling Green Republican seeking re-election in the Fifth District, arranged with the U.S. government for a supply of buffalo steaks from herds that are kept under federal control by sale of excess numbers.

Political promises will get you nowhere department:

A letter to the editor of the Circleville Herald from C. E. Anderson carries a warning to office seekers.

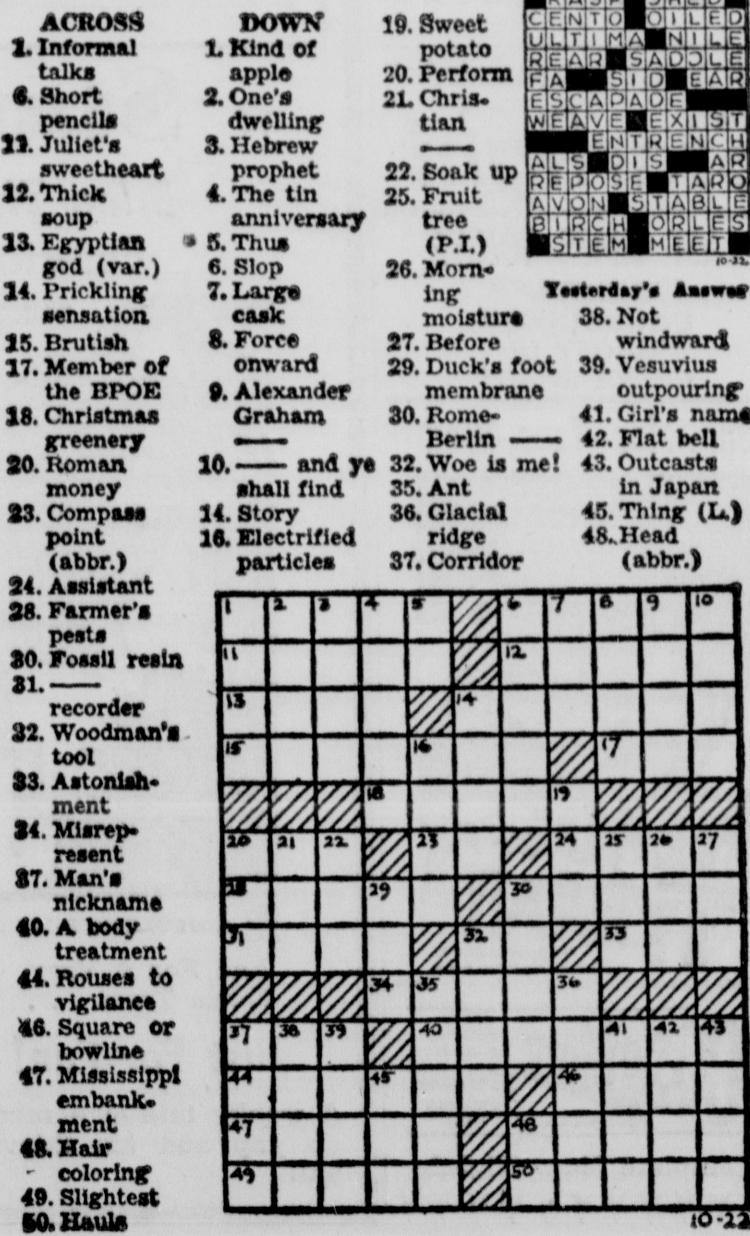

"I will cast my vote, writes Anderson "for whichever candidates do not promise me a single, solitary 'benefit.' Conversely, I will vote against any who promise to improve my lot."

"I've been improved all I want to be and, by golly, my lots can't afford any further improvement."

"Next guy comes along and says he's going to make my old age easier, my medical expenses lighter or my 'social benefits' greater is going to run into my own, private, hot-headed revolution."

"Neither I nor my children can afford any further assistance from the people who are elected to govern us.

Ohio's Weather Vane Fame Brings Political Courtship

COLUMBUS, Ohio (AP)—Ohio's record as a presidential weather vane as well as her potent 25 electoral votes, accounts for the concentration of political fire-power by major candidates in the Buckeye State.

Ohio has been on the winning side since the turn of the century, except for 1948 when her favorite son, John W. Bricker, was the Republican vice presidential candidate on the losing ticket with Thomas E. Dewey of New York.

Both Democrats and Republicans are claiming the state, al-

though the Demos currently seem more vocal about their chances.

Elated by big receptions for their nominee, Sen. John F. Kennedy, Democrats freely predict his election but keep a weather eye on Vice President Richard M. Nixon, his GOP opponent.

Democrat optimism has spurred Republicans, who generally regard the outcome as a toss-up, to redouble campaign efforts and cause opposition prophets some misgivings. Democrat uneasiness appears in warnings that a letdown at this stage of the campaign

GREETING IN HOSPITAL. — Ted Lewis here talks with Porter Martin, a patient in Berger Hospital. On his visit to Berger he chatted with several patients, checked the new facilities and generally gave the local institution his stamp of approval.

U.S. Assists Guatemalan Sub Search

WASHINGTON (AP) — U.S. planes have made a search in the Pacific coastal area of Guatemala in response to that country's request to check reports of an unidentified submarine, the Navy disclosed today.

This development was the latest in a flurry of submarine sighting reports and hunts.

It coincided with a new claim by Soviet Premier Khrushchev today that the Soviet Union now has atomic-powered submarines armed with missiles — like the Polaris ships of the U.S. Navy.

There was no immediate official comment from the Navy on Khrushchev's claim.

However, reports have been current for several months that the Red fleet has from one to three nuclear submarines undergoing sea trials, part of a force of a dozen atomic-powered submersibles built or being built.

There was no disclosure of the results of the hunt off Guatemala. Both Navy headquarters and Atlantic Fleet Headquarters in Norfolk, Va., said the U.S. planes had returned from the mission.

WITH COP HAT — While resting in the office of Police Chief Robert Temple, Ted Lewis tries on the chief's hat, and swings a billy club. On each visit Ted more or less makes the Police Station his downtown headquarters.

Ohio Pen May Be Sold

COLUMBUS, Ohio (AP) — T. J. Kauer, state public works director, predicted today that Ohio Penitentiary will be ready for the auction block about March 1. Kauer told Gov. Michael V. DiSalle and his cabinet that an inventory of the physical facilities on the 22.5-acre old stone prison on West Spring Street is under way. This, he said, will take about two months.

80 Million Eligible Voters Are Expected

WASHINGTON (AP) — A Democrat campaigner forecast today that, for the first time, more than 80 million Americans will be eligible to vote in this year's presidential election.

Rep. Frank Thompson of New Jersey, chairman of his party's Voters Registration Committee, estimated that more than 76 million men and women have registered for the Nov. 8 election.

This, he said, is an increase of nearly 9.5 million over 1958, and the increase may top 10 million.

The largest tomato producing states are California, Ohio, Indiana and New Jersey, in that order.

Ohio plans to eliminate the prison as soon as new institutions built or proposed are ready.

Kauer said he hopes to appoint appraisers next week. He added that while the state has not solicited any prospective buyers, he talked to several shortly after the governor announced the proposed sale, and that "now more have expressed an interest."

Appraisal of the property will include a price with and without the prison power plant, which now furnishes electricity for some state buildings.

Money from sale of the prison, under the governor's plan, would go toward construction of a medium security prison at Grafton. A medium security prison also is planned on another site, possibly near London Correctional Institution.

PLAY BALL — Ted Lewis dusts off home plate on the Little League diamond at Ted Lewis Park. He visited the park, checked the facilities, then told Mayor Ben H. Gordon he will send a check for \$1,000 to make some permanent improvement at the park.

Ohio plans to eliminate the prison as soon as new institutions built or proposed are ready.

Kauer said he hopes to appoint appraisers next week. He added that while the state has not solicited any prospective buyers, he talked to several shortly after the governor announced the proposed sale, and that "now more have expressed an interest."

Appraisal of the property will include a price with and without the prison power plant, which now furnishes electricity for some state buildings.

Money from sale of the prison, under the governor's plan, would go toward construction of a medium security prison at Grafton. A medium security prison also is planned on another site, possibly near London Correctional Institution.

Dr. Ralph A. Dwork, health director, speaking Friday at a hearing made necessary by transfer of licensing authority from the Welfare to the Health Department, said the new rules "represent realistic and attainable standards of care."

COLUMBUS, Ohio (AP)—Ohio Department of Health officials are defining new state rules for nursing and rest homes as being the minimal standards of care possible.
